

The No-Stress Halloween Checklist

Print it, stick it on the fridge, check it off. — Holly Bramble, @hollydaysathome

4 weeks out

- ☐ Raid the house: old sheets, jars, sticks, black clothes
- ☐ Set a budget (I do \$50 total)
- ☐ Pick costumes and check what's already in the closet
- ☐ Ask neighbors for extra pumpkins

3 weeks out

- ☐ One shopping trip, list only
- ☐ Buy lights, cheesecloth and paint, not big decor
- ☐ Start any DIY that needs drying time

2 weeks out

- ☐ Finish the costumes and try them on
- ☐ Make the paper bats and window silhouettes
- ☐ Plan one easy snack and a drink

Final week

- ☐ Hang the lights and porch decor
- ☐ Set up one "wow" spot (porch or mantel)
- ☐ Buy candy, no earlier than 3 days before
- ☐ Check batteries in tea lights and flashlights

Halloween day

- ☐ Start the cider in the afternoon
- ☐ Test the lights at dusk
- ☐ Porch light ON, and leave it on late
- ☐ Save the good candy for the last knock
- ☐ Take one photo, then put the phone down

November 1st

- ☐ Shop the 50–90% off sales for next year
- ☐ Pack everything into one labeled bin
