

25 Days of Christmas Fun

A printable countdown calendar of cozy, cheap,
family activities, one for every day of December.

How to use: print the activity cards on cardstock, cut them out, and tuck one into each day of an advent calendar, envelope or jar. Prefer a wall chart? Use the tracker page and color in a circle each night.

Holly's rule: skip any day that doesn't fit. Swap cards around, or fill in the blank cards with your own family traditions. It doesn't have to be perfect, it has to be yours.

by Holly Bramble · @hollybrambledaysathome
